Power of Attorney (PoA) and the right to act as TSO User Administrator and to make binding declarations and action on behalf of the Company in line with the Service Contract of PRISMA European Capacity Platform GmbH ("PRISMA").

The TSO User Administrator shall be entitled to manage the Company registration and account and the Company's Users registration and accounts with PRISMA, especially but not limited to:

- 1) register the Company with PRISMA, including submission of relevant documentation;
- 2) compile and maintain the Company's information and data;
- 3) activate and deactivate additional functionalities and services of PRISMA;
- 4) register Users of the Company, including set-up, editing, maintaining and authorization to participate in transactions done via PRISMA;
- 5) administrate shipper assignments with the company;
- 6) set-up additional User Administrators, having the same rights as mentioned in this PoA;
- 7) upload, publish and maintain TSO products and related information.

The User Administrator is authorized to grant sub-powers of attorney, that do not exceed the empowerment of this PoA, to the Company's Users and to appoint them as User Administrator on the PRISMA Platform.
